Map presents the Municipal Separate Stormwater Sewer System structure's location with their corresponding flow direction. Areas masked in semi-transparent white are not part of the Priority Area 1A. The Priority Area 1A is represented by the sub ward limits created by the USCB year 2010. Each sub ward has a unique color and its name in black is located to its most southeastern limit. Some communities, public housings, urbanizations, among others are identified with a red semi-transparent annotation.
